

Why YuMOVE Advanced Vet Max?

Your vet has recommended **YuMOVE Advanced Vet Max** because they believe your cat may benefit from our strongest joint support. We know starting a stronger supplement can feel like a big step, so we'll guide you through everything you need to know.

What is YuMOVE Advanced Vet Max?

It's our strongest joint support supplement, for cats who may need our highest level of support. It's 50% stronger* than our next-strongest product and only available through your vet.

How does it work?

YuMOVE Advanced Vet Max contains our unique ActivEase® Complex – a scientifically formulated blend of premium Green Lipped Mussel and Hoki fish. Together, the Omega-3 fatty acids from these ingredients help soothe joints and support comfortable movement.

My cat already takes YuMOVE PLUS. What's the difference?

YuMOVE Advanced Vet Max is more than 50% stronger than PLUS with higher levels of key ingredients, including our unique ActivEase® Complex.

Do I still need to see my vet?

Yes. YuMOVE Advanced Vet Max is designed to be used alongside regular check-ins with your vet. If your cat is older or has mobility concerns, ongoing veterinary support ensures they get the right care at the right time.

Need any help?

Your first point of contact should always be your vet. However, if you have any product questions you can email us at hello@yumove.com

*In vitro analysis shows YuMOVE Joint Support Advance Vet Max for Cats has over 50% more activity to support the body's own inflammatory process than previous YuMOVE Advance 360 Joint Care for Cats.

our **highest-strength** formulation for cats

Exclusive to veterinary practices

Start strong, carry on

For the best results, follow the daily feeding guidelines. Missing or skipping days may reduce results.

New to YuMOVE? Double the daily recommendation for the first 4-6 weeks. If switching from another YuMOVE product, there's no need to double up.

Ensure fresh water is available at all times.

Size of your cat	New to YuMOVE?	Already on YuMOVE?	After 4-6 weeks
	First 4-6 weeks	First 4-6 weeks	
Average cat (4 - 5kg)	2 capsules daily	1 capsule daily	1 capsule daily

Tasty and easy to feed

Our easy-to-open capsules contain a tasty fish-flavour powder that most cats love. Simply twist to open, sprinkle and mix into their food. A great option for fussy eaters.
