Urinary Support

**High-quality urinary
support for everyday
bladder comfort**

Supporting your cat's urinary wellbeing

Our science-backed ingredients support urinary and bladder health to keep your cat happy and comfortable.

A special blend of **Omega-3s** from **ActivEase® Green Lipped Mussel** helps support your cat's natural anti-inflammatory processes

Helps support the bladder lining with **N-Acetyl-D-Glucosamine, Hyaluronic Acid & ActivEase® Green Lipped Mussel**

L-Tryptophan helps support serotonin production to keep your cat happy, healthy & relaxed

See a difference or your money back†

Consistency is key

For the best results, follow the daily feeding guidelines. Missing or skipping days may reduce results.

Size of your cat	First 2 weeks	Maintenance
 (up to 3kg)	1 capsule daily	1 capsule every other day
 (over 3kg)	2 capsules daily	1 capsule daily

Why YuMOVE Urinary Support?

Your vet has recommended **YuMOVE Urinary Support** to help support your cat's bladder lining and overall urinary health.

What is YuMOVE Urinary Support?

YuMOVE Urinary Support is an easy-to-feed supplement that provides targeted support for urinary and bladder health. It supplies the building blocks of the bladder lining, aids the body's own anti-inflammatory process, supports feline urinary health and helps support serotonin production.

How long does it take to work?

As every cat is different, we generally recommend allowing 6–8 weeks to assess the full response to the supplement. As this is a nutritional supplement, your vet may recommend additional management alongside it.

Do I still need to see my vet?

Yes. We recommend regular check-ins with your vet. Ongoing veterinary support ensures your cat gets the right care at the right time.

Need any help?

Your first point of contact should always be your vet. However, if you have any product questions, you can email us at hello@yumove.com
